An Affordable Luxury

Wilsonart® HD® High Definition® Laminate is luxurious in appearance yet a **surprising value** when compared to other luxury surfaces. A great look at a great price – that's a choice you can feel good about. Even more exciting, a new Wilsonart HD Laminate countertop, all by itself, can **transform your kitchen** without major remodeling.

Beauty that Endures

Cook, clean, raise children, spill, splash, **live** in your kitchen, without a moment's worry.

Highly resistant to scuffing and impact, Wilsonart HD countertops are also nonporous – there's no need for sealing and re-sealing as with other, more costly materials.

Now standard on all Wilsonart HD designs, new **AEON™ Enhanced Performance** technology means Wilsonart HD is dramatically more durable – up to four times more wear resistant than traditional laminate, and five times more scuff resistant – for a countertop that keeps its good looks longer.
