POSSIBILITIES

Wilsonart® RE-COVER™ is the innovative new option for laminate, combining a pre-applied adhesive to HPL to quickly refresh a dated design or damaged area. Suggested interior applications include:

- Casegoods/Cabinets
- Walls
- Doors
- Exhibits/Trade-show Displays
- Tables
- Shelves
- Elevator Cabs

APPLICATIONS

RE-COVER is designed to be used on interior flat surfaces in both horizontal (in areas of low heat) and vertical applications, and can be applied to a wide variety of substrates - with or without previously bonded materials, such as:

- High pressure decorative laminate
- Melamine
- Painted or stained wood (some sanding required)
- Approved metallic surfaces (Stainless steel and aluminum)
- Particleboard
- Medium density fiberboard
- Plywood with one A face
